**Dr. Shamanur Shivashankarappa (1931 - 2025)**

We deeply mourn the loss of Dr. Shamanur Shivashankarappa, a visionary leader whose life's journey mirrored the evolution of Davangere. He did not merely live in the city, he shaped it, layer by layer and generation by generation. Every institution nurtured under his guidance became an inspiration of opportunity, opening doors for countless individuals to realize aspirations once thought unattainable. Rising from humble beginnings, he combined enterprise with empathy, firmly believing in education as a powerful catalyst for social transformation.

With humility, discipline and clarity of purpose, he exemplified leadership that was both compassionate and pragmatic. His far-sighted vision led to the establishment of an independent MBA campus, distinct from the engineering institution, fostering focused management education and shaping future leaders. A true custodian of education, culture, values and opportunity, his passing is an irreplaceable loss and his legacy will continue to inspire generations to serve with integrity and purpose.
